- Check in time is 3:00 p.m. The \$3 resort fee includes the Silver Legacy Resort airport shuttle or parking.
- **Book rooms ASAP:** the Rocky Mountain Elk Foundation hosts its annual convention in Reno Feb. 22-25.

## TPSA Environmental Stewardship Tour of Lake Tahoe

- one of the deepest lakes in the United States – 8:30-3:30 pm (*tentative times*)

This will not be your run-of-the-mill tour! Our tour leader is TPSA member Dr. Glenn Miller, Environmental Sciences, University of Nevada at Reno, who has been working on Lake Tahoe environmental stewardship issues for over 25 years. Glenn will guide us to some of the most scenic parts of the Lake, including a couple of short shoreline hikes, a visit to Emerald Bay, and a South Lake Tahoe gondola ride for spectacular views.

Lake Tahoe has been under substantial development pressure, both real estate and recreational, that has led to degradation of water quality. For example, though the Lake has an international reputation for clarity, clarity decreased by about 30% over the past 40 years. We will be talking about how the surrounding communities, the states of Nevada and California, and visitors to the Lake have worked together to protect this scenic and recreational resource because of the broad consensus that the Lake is worth protecting. Restrictions on development have been put in place, as has a large research effort to understand the processes controlling lake clarity.

So the future of the Lake ecosystem is still reasonably bright!

Glenn Miller's laboratory led research efforts on watercraft emissions, particularly from personal watercraft, resulting in a ban on certain types of engines at the Lake. Glenn is an expert in soil and gas phase pesticide contaminants and degradation pathways (he has worked on pesticide photochemistry since graduate school). He has conducted research on environmental chemistry issues related to agriculture, mining and high alpine lakes, working from the tops of the Sierra Nevada Mountains to the bottoms of their lakes and waterways.

## The Pesticide Stewardship Alliance ♦ 2007 Membership Form

Select all that are appropriate

### Membership Status

- Prior to registering for the conference, I paid my 2007 TPSA dues
- I prefer not to be a TPSA member at this time

### Membership Type

- My membership is individual
- My membership is part of an organization (3 members per organization, is an organizational membership)

### Membership Categories

Select any and all categories that represent your personal/professional interests

- End Users (individuals, business, or applicator/commodity associations)
- Non-US or International Government Agency
- US Environmental Protection Agency
- US Local, State, or Federal Government Agency
- Public and Environmental Health (individuals, NGOs)
- Private or Public Institutions (teaching, research, extension)
- Pesticide Industry
- Pesticide Container Management Industry
- Waste Management Industry
- Unaffiliated/Undeclared
